

Snohomish County Health Department STI Clinic

Expanding testing, treatment, and other supports to reduce the spread of sexually transmitted infections.

Located at 3020 Rucker Avenue, Suite 100, Everett
Appointments available Monday–Friday, 8 a.m. to 3:30 p.m.

Services the clinic currently offers:

TESTING

- Multi-site STI testing—urine, throat, and rectal—for chlamydia (CT) and gonorrhea (GC)
- HIV testing (rapid testing and blood draw)
- Syphilis testing and physical exam

TREATMENT

- Treatment options for chlamydia, gonorrhea, and syphilis for individuals and their partners.

Services are expected to expand in 2024 as needs are determined and as funding allows.

To make an appointment, call the clinic at 425-339-5261

Appointments recommended but not required. Walk-ins will be seen as time allows.

We are committed to a safe, welcoming environment that provides low-barrier access to care.

- Insurance not required.
- Confidential STI services are available to ages 14 and up, per state law.
- Patients do need to provide their legal name and date of birth.
- Our patients' privacy is important. We will not communicate with anyone except the patient about their care, unless the patient authorizes information sharing for continuity of care.
